SIDUDUZO NDLOVU

Richards Bay, South Africa 3900 | 0677122586 | ndlovusiduduzo@icloud.com

Summary

I am a motivated and detail-oriented IT graduate with a Diploma in ICT Application Development and a strong foundation in software development principles. Skilled in Java, C#, JavaScript, SQL, and web technologies including HTML and CSS. I am passionate about building efficient, user-friendly applications and eager to gain hands-on experience in enterprise-level systems as a Developer Intern. I am a quick learner with strong problemsolving skills and a keen interest in emerging technologies such as Artificial Intelligence and low-code development platforms.
